

## HOW THIS WOMAN FOUND HEALTH

Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.

Utica, Ohio.—"I suffered everything from a female weakness after baby came. I had numb spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give your Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicines and they did me no good."—Mrs. MARY EARLEWINE, R.F.D. No. 8, Utica, Ohio.

### Another Case.

Nebo, Ill.—"I was bothered for ten years with female troubles and the doctors did not help me. I was so weak and nervous that I could not do my work and every month I had to spend a few days in bed. I read so many letters about Lydia E. Pinkham's Vegetable Compound curing female troubles that I got a bottle of it. It did me more good than anything else I ever took and now it has cured me. I feel better than I have for years and tell everybody what the Compound has done for me. I believe I would not be living to-day but for that."—Mrs. HETTIE GREENSTREET, Nebo, Illinois.

## Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Stork.

The old saying—what is home without a mother—should add "Mother's Friend."

In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health, mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradfield Regulator Co., 128 Lamar Bldg., Atlanta, Ga., for the free book. Write today. It is most instructive.

### Household Economy

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (50 cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway white pine extract, rich in quinine and all the healing pine elements. No other preparation will work in this formula.

This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. This plan has often been imitated but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

### The Forty Year Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.—Advertisement.

## BOWLING NEWS

### Clarksburg Defeat Rivals.

The Clarksburg duck pin team defeated its old time rival, the Fairmont team, in a good game on the Gore alleys Wednesday night. The game was rolled on alleys three and four as another contest was being rolled off on alleys five and six, and this accounts for the bad showing made by several members of the local team, as they are not accustomed to bowling on these alleys. After losing the first game to the Fairmonters by eight pins, Captain Dresbach rallied his team in the second game and came out with a forty-three pin lead, giving his team a thirty-five pin lead to start the last game with. The locals won the last game by twenty-two pins, making a total of fifty-seven pins for the contest. Captain Dresbach had high score and high average, totaling 381 in the three games and getting 141 in the last game.

The scores:

### Stogies Win Three.

The Caywood Stogies showed the bowling fans again, last night that they are out to win the pennant in this half when they continued their winning streak by defeating the Motorists three games. Although the Stogies rolled no large games last night their team was evenly balanced and when it needed a mark it got it. Shakespeare was the big man of the evening, rolling 133 in the first game and totaling 372 in the three games.

The scores:

## REPORT

By Director Durand Will Contain Information about Vegetables and Fruits.

WASHINGTON, Jan. 30.—A statistical report soon to be issued by Director Durand of the Census about West Virginia will contain information concerning vegetables, small fruits and orchard fruits.

In 1909 the total acreage of potatoes and other vegetables was \$3,224 and their value \$6,968,618. Excluding potatoes and sweet potatoes and yams, the acreage of vegetables was \$3,524 and their value \$4,520,000, both acreage and value being decidedly greater than in 1899.

### Small Fruits.

Strawberries are the most important of the small fruits raised in West Virginia, with raspberries and loganberries and blackberries and dewberries ranking second and third, respectively. The value of the strawberry crop in 1909 was \$74,778. The total acreage of small fruits in 1909

was 2,913, and in 1899, 1,994, an increase of 46.1 per cent. The production in 1909 was 2,337,000 bushels, valued at \$3,040,000. Apples contributed about nine-tenths of this quantity, peaches and nectarines most of the remainder. The production of grapes in 1909 amounted to 3,225,000 pounds, valued at \$92,834, and that of nuts 974,000, valued at \$16,049.

### Orchard Fruits.

The total quantity of orchard-fruits produced in 1909 was 4,710,000 bushels, valued at \$3,040,000. Apples contributed about nine-tenths of this quantity, peaches and nectarines most of the remainder. The production of grapes in 1909 amounted to 3,225,000 pounds, valued at \$92,834, and that of nuts 974,000, valued at \$16,049.

The production of all orchard-fruits together in 1909 was 88.4 per cent less in quantity than that in 1899, while the production of grapes increased, materially. The value of orchard fruits, however, increased from \$2,156,000 in 1899 to \$3,040,000 in 1909 and that of grapes from \$50,874 in 1899 to \$92,834 in 1909. It should be noted that the value of more advanced products derived from orchard fruits or grapes, such as cider, vinegar, dried fruits, and the like, and may therefore involve some duplication, while the values shown for 1909 relate only to the products in their original condition.
